

2016 – 17 Sports Grant Expenditure: £9,085.00

Our Approach to using the Sport Premium

Our Vision

At Hollydale we aim to establish a sporting culture that enables and encourages all children to play and enjoy sport. We have established a number of after-school clubs for our pupils offering a wide variety of sporting opportunities for our children. We enter numerous school sport competitions to allow children to be competitive and are constantly developing our PE programme.

We aim to:

1. Improve the quality of the school P.E. programme by:
 - Auditing staff to highlight development areas
 - Delivering P.E. or physical activity-focused staff training through staff meetings and INSET days
 - Deployment of sports specialist teachers to teach pupils and mentor staff
 - Investigate and explore good practice from other schools to further improve our P.E. curriculum
2. Establish a range of extra-curricular multi-sport clubs to develop children's skills and involvement in sport.
3. Create and join inter-school sport competitions to provide competitive opportunities for children.
4. Deliver an exciting and memorable sports day.
5. Link sporting events to a charity scheme to support the wider world.

Primary School's Sports Funding

What is the Sports Premium?

The Government is providing funding of £150 million per annum for academic years 2014 - 2020 to improve provision of physical education (PE) and sport in primary schools. This funding will be allocated to primary school head teachers. The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase. All schools will receive a lump sum of £8,000 plus a premium of £5 per pupil for the next two academic years.

How will we be spending the Sports funding and who will benefit?

Allocation:

For the academic year 2015-16 (based on **229 eligible pupils**) we will receive an amount of **£9,145.00**.

Use of funding / Nature of support	Impact
Weekly sports lessons provided by sports coach. All classes/children will receive high quality PE lessons throughout the year.	Clear progression of children's skills shown in planning and in PE lessons. Children have received quality teaching of PE and there has been a marked improvement of individual skills. Pupils across KS2 have been involved in weekly swimming lessons at a local secondary school. 70% of children are able to swim at least 25 metres. Children have improved fitness levels and a greater understanding of the importance of regular activity to maintain good health.
Provide after school sports clubs; football, athletics, multi skills club and basketball club. Lunch time games instructor one day a week to support structured games in the playground	After school clubs have expanded considerably. Clubs have been provided for both KS1 and KS2. Children have experienced a range of sporting activities in these clubs and have been introduced to new skills, encouraging their participation in sport in and outside school. A better system of using the playground at break times has been put in place. More children are involved in sporting activities during their lunchtime. Children have been introduced to new outdoor activities which have developed their fitness, stamina and strength. New equipment was brought for the children to enjoy activities at playtime.
Provide children with opportunities to take part in competitions organised by the Soutwark Sports Network ranging from football leagues, dance, multi-skills, tag rugby, cricket, athletics and basketball.	There is now improved partnership work on physical education with other schools and other local partners. There have been more opportunities introduced for children to participate in competitive sports and represent their school (see table below).
Further develop through training the skill level of all staff including those newly qualified in the delivery of quality P.E. lessons	A new subject leader for PE has been created. Staff have undergone a programme of in-school training by LPESSN in the delivery of PE lessons and structured physical activity. An external expert sports coach has visited the school regularly throughout the year to support the sports coach to enhance the provision of PE by reviewing the curriculum to ensure a broad and balanced curriculum.

Hollydale received the **School Games Gold award for school 16-17** due to our commitment, engagement and delivery of competitive school sport this academic year.
